

August 5, 1932.

Mr. Louie Galloway, Secy.,  
Dry Gulch Irrigation Company,  
Roosevelt, Utah.

Dear Sir:

RE: SAND WASH DIST.

I am in receipt of request dated August 2 for the appointment of a commissioner on Sand Wash and also enclosed cashier's check for \$36.75.

As stated in previous correspondence I cannot make a legal appointment of a commissioner without carrying out the various requirements of the law as to consultation. I shall be pleased, however, to appoint Mr. Gurr as my field representative on Sand Wash to distribute the waters in accordance with the rights and am making that appointment today. As I have not Mr. Gurr's address I am enclosing it and asking that you kindly forward it to him.

Yours very truly,

State Engineer.
